

# Story of me!

## What is story of me?

This project is about getting people talking and helping people to learn about each other. It is more important than ever that we keep talking.

People, need, people!

Story of Me helps new connections develop in our communities, while also helping families and friends to continue to keep talking with a fresh outlook.

This is an opportunity to document our stories, thoughts and feelings to share with the special people in our lives. Or, just keep your story for you!

This project was created in the year 2020 when we are all living through some extraordinary times! It is more important than ever that we preserve our stories for future generations to learn from.

To dip your toe into this project we would like you to answer some questions and share some stories, as part of the **Summer of Sunflowers project, delivered by One Manchester and Armitage C of E Primary School in Ardwick!** Below we have given you 3 questions to think about, you can share your stories with our team and this will help create a snapshot of this time, whether yours is a happy story or a sad one. We also want to see your pictures too! Get in touch and send them over!

If you want to know more about the project find us on social media at [facebook.com/TheStoryofMeProject](https://facebook.com/TheStoryofMeProject)

**A big thank you for taking part!**
